Enhancing the quality of life for Grant County's senior citizens through social, recreational, nutritional, and health programs

MARION-GRANT COUNTY SENIOR CENTER

As we reflect on last year's activities, we are thankful to all those individuals, organizations and companies that helped us enhance the quality of life for our Grant County Seniors. The Center has a safe and clean environment for programs, events and numerous activities.

The Center's programming is geared toward Seniors aged 50 and up. The Center offers a balanced lunch Monday thru Thursday (donation basis), many daily activities and classes, legal aid, community resource referrals, medicare insurance counseling, free income tax preparation, volunteer opportunities, health screenings, a foot clinic and many other programs and social activities. On a quarterly basis, we hold special educational programs to address current senior related topics. We try to make sure our events are posted in the Chronicle Tribune, as well as, mentioned on WBAT "Good Morning Grant County" and in Greater Grant County newsletter.

Like many of our seniors, inflation has deeply affected the Senior Center's bottom line. We are constantly looking for funding sources through grants, donations and fund raising efforts. Our yearly dues is only \$20.00. We are still continuing our pass the hat campaign and have included an envelope for your benefit.

If you haven't visited recently, please come and see what we have to offer at 503 South Gallatin Street, Marion, Indiana.
